

## Directions to Keith's office

Directions to the Pangea Parking Structure and the Social Sciences Building (SSB 361)

### Pangea Parking Structure (# 435)

Traveling on North Torrey Pines Road,  
Turn into the campus using Pangea Drive  
Proceed uphill about a 100 yards to the parking structure  
Turn left into the parking structure (before the stop sign)  
Park on in any of the lower level green or yellow spaces; if those are full then park in a metered space on top of Pangea (upper most level).

### Social Sciences Building

To reach the Social Science Building, walk east (up hill) on Thurgood Marshall Lane. Thurgood Marshall Lane begins where Pangea Drive ended (at the stop sign/ intersection). The Social Sciences Building is right across the wide pedestrian path at the end of Thurgood Marshall Lane (only a few hundred yards from the Pangea Parking structure).

### Keith's Office (SSB 361)

My office is on the third floor of the SSB, facing the ocean. Go up the building's middle set of elevators (to the left/north of the coffee cart). Exit the elevator on the third floor, walk about 20 feet straight ahead and you'll hit my door.
